JOB OFFER - POWER BI ANALYST/CONSULTANT

Intelequia is one of the leading Technology Consultants in Spain with worldwide operations and recognized with the highest Microsoft Competencies and Certifications, accrediting us as one of its technology partners with excellent capabilities to address digital transformation projects.

WHAT ARE WE LOOKING FOR?

Power BI analyst/consultant

FUNCTIONS:
- Analysis, development and maintenance of Power Platform solutions focused on the data area using Power BI as the main element.
- Design and implementation of reports and dashboards in Power BI.
- Translating customer needs to robust solutions based on Microsoft 365, Dynamics 365 or Power Platform in general. Elaboration of detailed technical specifications
- Carrying out functional analysis and technical design of solutions
- Management over the developments made, follow-up, change management and maintenance.
- Providing assistance for internal developments.

At Intelequia we firmly believe that the happiness of our team has a direct influence on the work done, for that reason we OFFER you:

- Immediate incorporation to an EXCITING AND MOTIVATING PROJECT.
- Good working environment, being part of a team of great professionals where you can grow and contribute, WE ARE A TEAM!
- Continuous training for professional development: languages, certifications, professional competences, etc.
- Hybrid work model where you can work 3 days a week at home.

MINIMUM REQUIREMENTS

- A Degree related to technology. Master's Degree in Data Science is a plus.
- At least 3 years of proven experience as a Power BI analyst consultant.
- English B2.
- Knowledge in the application of best practices in data architecture.
- Knowledge of all Power BI modalities: Desktop, Embedded, Service and Mobile.
- Power BI Data Analyst and Azure Data Engineer certifications valued.
- Experience working with agile methodologies.
