

## JOB OFFER - SOC OPERATOR

**Intelequia is one of the leading Technology Consultants in Spain with worldwide operations and recognized with the highest Microsoft Competencies and Certifications, accrediting us as one of its technology partners with excellent capabilities to address digital transformation projects.**

### WHAT ARE WE LOOKING FOR?

A technical professional in the IT sector to join our SOC (Security Operations Center) within a leading company in the sector.

### FUNCTIONS:

- Detection, management, resolution and classification of incidents.
- Maintenance of security systems.
- Monitoring, identification, assessment, and coordination of vulnerabilities for mitigation.
- Participate in phishing plans.
- Exploitation of SIEM tools and treatment of events and incidents.
- Support in internal cybersecurity audits.

At Intelequia we firmly believe that the happiness of our team has a direct influence on the work done, for that reason we OFFER you:

- Immediate incorporation to an EXCITING AND MOTIVATING PROJECT.
- Good working environment, being part of a team of great professionals where you can grow and contribute, WE ALL ADD TO!
- Training.
- Possibility of hybrid work with two days a week from the office and the rest from home.

### MINIMUM REQUIREMENTS

- Higher degree in computer science or similar.
- Experience in perimeter security, cloud, networks and communications.
- Knowledge of SIEM technologies, administration and alert management.
- Knowledge of information security environments, products and methodologies: ENS, ISO 27001...
- Basic knowledge of Linux / Windows systems administration.
- Currently in possession of specific security certifications or in the process of obtaining them: CEH, SIEM, CISA, OSCP, Microsoft....
- Ability to work in a team and under pressure.
- Ability to communicate and negotiate with clients.
- Teamwork to share the results of the work done with colleagues and customers.
